### **Education:**

(*In Progress*) Ph.D., Clinical Psychology, University of Arkansas, Fayetteville, AR  
B.S., Psychology, Arizona State University, Tempe, AZ, 2013

### **Clinical Experiences:**

Intervention Practicum, Psychological Clinic, University of Arkansas, Spring 2017

- Conducted intakes for clients seeking therapy services.
- Conducted individual therapy with intensive live supervision.

Assessment Practicum, Psychological Clinic, University of Arkansas, Fall 2016

- Administered psychodiagnostic tests for presenting problems such as learning disorder, anxiety, and ADHD.
- Interpreted reports and provided feedback to clients.

National Alcohol Screening Day, University of Arkansas, Spring 2016

- Administered, scored, and interpreted the National Alcohol Screening Day questionnaires.
- Provided face-to-face feedback based on results of aforementioned questionnaires.

### **Research Experience:**

Graduate Research Assistant, University of Arkansas, 2015 – Current

- Conducted structured interviews regarding participant evaluations of a vignette featuring a potential sexual assault.
- Supervised undergraduate research assistants during field research involving testing of intoxicated passersby nearby local bars.
  - Managed challenging participants and engaged in deescalating techniques when needed.
- Administered alcohol to a .08 BAC.
- Administered phone screeners to potential participants over the phone.

Undergraduate Research Assistant, Arizona State University, 2013 - 2015

Lab: The Behavioral Alcohol Research for Clinical Advancement Lab - Dr. William Corbin supervising

- Assisted with paper investigating the effect of alcohol on risk taking in the context of negative reinforcement.
- Assisted with development study testing the validity and reliability of a new self-control questionnaire.
- Administered alcohol to participants to a .08 BAC.
- Administered and recorded the results of cognitive tests.
- Administered both pen-and-paper and computerized surveys.

- Gathered physiological indicators of response to alcohol: Heart-rate, cortisol (collected via saliva sample), and body sway.
- Administered screeners to potential participants over the phone.
- Maintained, cleaned, and transformed heart rate data in SPSS for statistical analysis.
- Assisted Dr. Corbin and his graduate students in a number of side projects.
  - Assisted in the setup and configuration of a *Nintendo Wii Balance Board* for the purposes of measuring body sway.
  - Learned *Refworks* citation software and provided training to the entire lab on its use.
  - Managed the lab online discussion board used for weekly lab readings.

Undergraduate Research Assistant, Arizona State University, 2013 – 2015

Lab: The Social Health Research Group – Dr. Julie Patock-Peckham supervising

- Currently working on a manuscript investigating impaired control over drinking as a mediator of the relationship between alcohol expectancies and both alcohol use and alcohol-related problems.
- Assisted Dr. Patock-Peckham and two of her undergraduate researchers on a literature review concerning alcohol self-administration studies, with a focus on measures of impulsiveness.

Undergraduate Research Assistant, Arizona State University, 2012 – 2013

Lab: The Culture, Adaptation, Religion, Morality, Anthropomorphism Lab - Dr. Adam Cohen supervising

- Administered pen-and-paper and computerized surveys to participants.
- Recruited participants on the ASU campus and administered paper surveys to them.
- Aided Dr. Corbin and his research team in research-related brainstorming sessions.

Undergraduate Teaching Assistant, Arizona State University, 2013

Course: Health Psychology - Dr. Julie Patock-Peckham

- Met with students as-needed.
- Graded final essays.
- Assisted students in the creation of health-focused public service announcements.

Undergraduate Teaching Assistant, Arizona State University, 2013

Course: Introduction to Statistics - Dr. Morris Okun

- Graded homework.
- Handled gradesheets.
- Held regular office hours.

## **Poster Presentations**

*Presented:*

Jackson, K.K., Melkonian, A.J., Lovett, D.E., & Ham, L.S. (2016, October). *Social anxiety and alcohol expectancies in three different contexts*. Poster session presented at the annual meeting of the Association for Behavioral and Cognitive Therapies, New York, NY.

Melkonian, A.J., Ham, L.S., Bridges, A.J., Jozkowski, K.N, Wiersma-Mosely, J.D., Jackson, K. K. (2016, October). *Alcohol and sexual assault: A naturalistic field study of the effects of intoxication on*

- bystander behavior in a hypothetical sexual assault scenario*. Poster session presented at the 50<sup>th</sup> annual meeting of the Association for Behavioral and Cognitive Therapies, New York, NY.
- Warner, O.M., Jackson, K.K., Patock-Peckham, J.A., Walters, K.J., Mehok, L., Filson Moses, J. (2015, June). *What Role Does Time Perspective play in Internalizing Pathways Such as Stress and Depression Along the Road to Alcohol Related Problems?* Poster session presented at the meeting of the Research Society on Alcoholism, San Antonio, TX.
- Medina, M.C., Patock-Peckham, J.A., Bradfield, A.R., Warner, O.M., Jackson, K.K., Hervig, T., Belton, D.A., Evans, P.T., White, H., Walters, K.J. (2015, June). *Facets of Impulsivity and Impaired Control as Mediators of Dimensions of Childhood Abuse on Alcohol Use and Alcohol-Related Problems*. Poster session presented at the meeting of the Research Society on Alcoholism, San Antonio, TX.
- Evans, P.T., Patock-Peckham, J.A., White, H., Medina, M.C., Bradfield, A.R., Warner, O.M., Jackson, K.K., Krivickas, W., Shinchuk, N., Leeman, R.F. (2015, June). *Starting the Party Early: Exploring the Dimensions of Pre-Gaming on Impaired Control, Heavy Episodic Drinking, and Alcohol-Related Problems*. Poster session presented at the meeting of the Research Society on Alcoholism, San Antonio, TX.
- Menary, K.R., Corbin, W.R., Chassin, L., Jackson, K.K., Berey, B. (2014, June). *Adolescent Internalizing Symptoms Predict a Rapid Transition Through Multiple Stages of Alcohol Use*. Poster session presented at the meeting of the Research Society on Alcoholism, Bellevue, WA.
- Patock-Peckham, J.A., Valtierra, J., Wyrwa, S.E., Belton, D.A., Jackson, K.K., Leeman, R.F. (2013, June). *Impaired Control Mediates Both Positive and Negative Expectancies for Alcohol Use on the Alcohol-Related Problems Pathway*. Poster session presented at the meeting of the Research Society on Alcoholism, Bellevue, WA.

### **Research Skills:**

- Administering surveys (computerized and paper-based) to participants both in-lab and around ASU's campus.
- Administering alcohol to participants to a .08 BAC in bar-lab setting.
- Supervising field research involving intoxicated participants.
- Administering and recording results of cognitive tasks.
- Gathering physiological measures of response to alcohol.
  - Heart-rate, cortisol (collected via saliva sample, and body sway).
- Performing literature reviews in preparation of studies.
- Screening potential participants via phone.
- Configuring online surveys using *Qualitrics*.
- Use of *IBM SPSS Statistics*.
- Use of *Refworks* citation software.

### **Awards/Honors**

- University of Arkansas
  - Doctoral Academy Fellowship, 2015 – 2019
  - Marie Wilson Howells Student Travel Award, 2015 – 2019
- Arizona State University
  - Graduated Summa Cum Laude, 2013.
